

Tool Memory A

Verify the target slide before patching

Without Tool Memory

Scope Over-expands

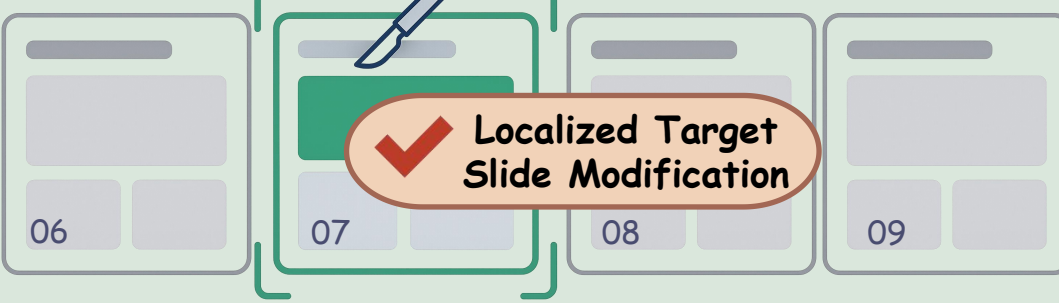

✗ Incorrectly Modifies Unrelated Slides

✗ Adjacent Slides Disturbed

With Tool Memory

Scope Stays Local

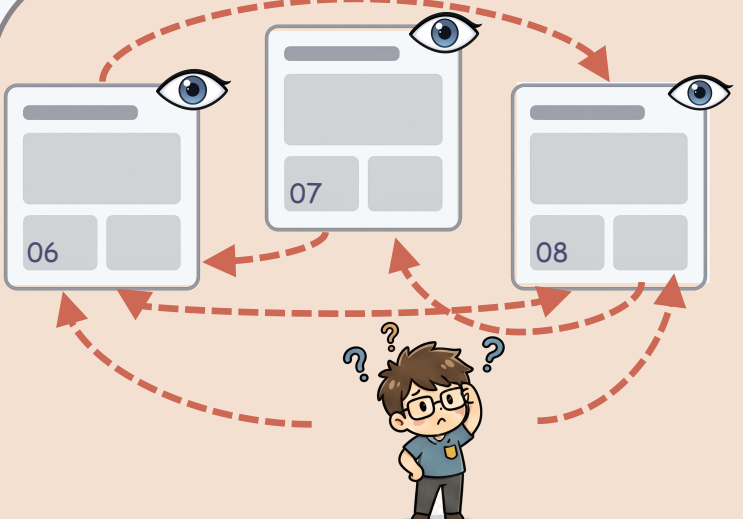

✓ Localized Target Slide Modification

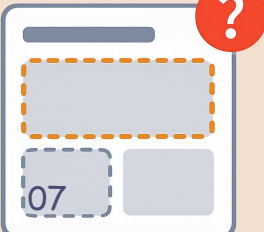

✓ Adjacent Slides Preserved

Tool Memory B

Snapshot first, then patch locally and verify.

Insufficient Self-checking

✗ No proper patch, no verification

Snapshot Patch Applied Check Local Correctness Verified Result

✓ Proper patch, verified edit
